What Exhibitors Said About the 2006 Symposium

"We go to other shows but the SESHASymposium is much more focused. This is where we find the decision-makers."

*Chris Van Der Stokker
Westfire*

"This is the place to be if you are marketing to ESH professionals."

*Robert Reeves
Pure Safety*

"I can honestly say our business has increased based on personal relationships developed at SESHASymposium. We are basing our next product design on input gathered here!"

*Dan O'Donnell
DOD Technologies*

"SESHA was EORM's most successful 2006 tradeshow. Our participation resulted in new business for our firm and helped us connect with senior and executive-level attendees from both prospect and existing client companies."

*Nancy Ellickson,
Marketing Principal,
EORM, Inc.*

SESHA Returns to Silicon Valley

Due to the overwhelmingly positive response in 2006 from both exhibitors and attendees, we are returning to Santa Clara. And again the Symposium will offer you:

- ♦ More value. Exhibitors automatically become Affiliate Corporate Partner members of SESHASymposium, with three free individual memberships—a \$300 value!
- ♦ More attendees. We are marketing the Symposium to a broader base of technology professionals.
- ♦ More traffic. The Symposium Planning Committee is committed to building a high-traffic expo that will give you plenty of one-on-one time with all attendees.

There's No Other Meeting Like It

SESHA's programming is unique in that it addresses the specific needs of the ESH professional in the high technology and semiconductor sectors. Because of its sharp focus on this highly volatile sector, the Symposium is viewed as the primary source for actionable information on emerging trends, regulatory changes, and technology developments that will affect a company's bottom line. Attendees not only want to see your products and services, they need them. And the Exposition is where they come to see what is new on the market, what companies are entering the marketplace, and how well their current suppliers are keeping up with the latest technology solutions. There is no other conference designed exclusively for this group of ESH professionals.

Meet Face-to-Face

Who comes to the Symposium? Decision-makers who need to know where the industry is heading:

- ♦ Environmental managers
 - ♦ Safety engineers
 - ♦ Industrial hygienists
 - ♦ Occupational health professionals
 - ♦ Directors of ESH
 - ♦ Non-ESH executives
 - ♦ Consultants
 - ♦ Health and safety managers
 - ♦ Facilities, operational managers
- They spend millions of dollars every year on the products and services they need.

One Exhibitor may not exhibit the named "end product" of another Exhibitor without permission of that Exhibitor and the Exhibit Manager in writing.

11. Semiconductor Environmental, Safety & Health Association and the Exhibit Manager for the meeting will cooperate fully, but cannot assume responsibility for damage to Exhibitor's property, lost shipments either coming in or going out of the premises or for moving costs. Alcoholic beverages may not be distributed from any booth, its attendees or company representative.

17. Cancellation: If space contracted for is canceled by an Exhibitor after January 9, 2007, or if the Exhibitor fails to occupy space contracted for, the Association is entitled to the full amount of the booth rental. If the space reserved is canceled by the Exhibitor before January 9, 2007, 50% will be retained by the Association and the balance refunded. If booth space is not occupied by 10:00 AM Tuesday, April 10, 2007, the Association will have right to such space as it sees fit to eliminate blank spaces in the exhibit area.
18. Amendment to Rules: Any and all matters or questions not specifically covered by the preceding Rules and Regulations shall be subject solely to the discretion of Semiconductor Environmental, Safety & Health Association.
