**Is there any Help needed from the BOD?**

**Issue:**

It would be helpful to have a better system to track current chapter membership, update membership directory and to welcome new members.

**Response:** Dawn Speranza met with BAI to discuss and will make recommendations to the BOD to make this a better process

**What are the upcoming Chapter Plans?**

Q3 meeting to be held at the Spansion site in Austin on Sept. 11, 2007. Two presentation topics are planned: Update on the EU REACH regulation (Laurie Beu – Laurie Beu Consulting / Sematech) and Overview of the Dept of Homeland Security Chemical Facility Anti-Terrorism Security rule (TBD – Air Products)

**Are there any chapter needs from the BOD?**

N/A

**Summary of this quarter's Chapter Activities:**

Q2 Chapter meeting (see below).

Election of new chapter officers, as follows:

- President – Steve Trammell, Freescale Semiconductor
- Vice President – Ed McCarthy, Freescale Semiconductor
- Activities – Tiffany Ashwell, Zephyr Environmental
- Secretary/Treasurer – Brett Davis, Zephyr Environmental
- Webmaster – Matt Kuntz

Steve Trammell named co-chair of the 2008 SESH National conference planning committee, with Hilary Matthews (Axcelis) and Doug Thornton (Fairchild).

**Chapter Meeting Updates, presenters, and meeting attendance:**

Q2 meeting was held at the Freescale Semiconductor site in Oak Hill on June 14, 2007. Two presentations were given; "Arsine TLV Change" by Mark Sherett, Product Manager, Honeywell Analytics, and "Semiconductor Equipment Fire Suppression Compliance" by Matt Wyman, Koetter Fire Protection. Meeting attendance was approximately 25.

Special recognition was given for Julie Spencer, longtime chapter member and mentor, who passed away in May. Honeywell Analytics is memorializing Julie in various ways, including

establishing an annual inter-company "Salesperson of the Year" designation and award. Honeywell is also working with the SESH A BOD on an honorarium in Julies' name.

**Number of Chapter Members at quarter end:**

56 (approximate – as of 8/8/07)
